While the base is made with gluten-free ingredients, we bake our sourdough pizzas in the same oven so there will be traces of flour around.

PLANT-BASED MOZZARELLA

You can swap plant-based mozzarella to any pizza for free. Creamy, mild, and dairyfree. We've tried A LOT of plant based cheeses, this one's definitely the best.*

Contains soya, may contain traces of nuts

PIZZAROVA AT SLICE O MANIA

This summer we headed to Slice o Mania, the UK's biggest pizza festival. A whole weekend of slinging slices and meeting new Pizzarova lovers. We took home not just one, but three awards, including People's favourite pizzeria and Judge's best chef special (you've got to try our miso mushroom). Winning was only possible because of your support, so thank you for helping us do what we do. Bring on next year!
