While the base is made with gluten-free ingredients, we bake our sourdough pizzas in the same oven so there will be traces of flour around.

PLANT-BASED MOZZARELLA

You can swap plant-based mozzarella to any pizza for free. Creamy, mild, and dairyfree. We've tried A LOT of plant based cheeses, this one's definitely the best.*

Contains soya, may contain traces of nuts

SOURDOUGH

Every dough ball is made fresh on site everyday by our team using simply 00 (double milled) flour, sourdough starter, salt & water. Our starter (fermented flour & water) is taken from a family in Somerset who have fed it for over 70 years. We split it to create our own and use it for every batch of dough we make to give the tangy taste and prove the dough for the light fluffy texture.
